Dr. Gilbert R. Gonzales
Chief Information Officer
California State at Monterey Bay

Dr. Gilbert R. Gonzales, Chief Information Office, CSU, Monterey Bay, provides technology leadership and administration in support of CSUMB's vision and use of academic and administrative computing, networks, and technologies. Gil consults with university administration, faculty, and staff on information technologies strategic planning, technology initiatives, community networking, and the planning and implementation of the University's Common Management System (CMS). Previously, Gil served as a Senior Consultant, providing strategic planning, operations planning, and academic and administrative planning services to higher education clients.
